Rechne und baue die Mauer mit Zahlen!

The diagram illustrates a brick wall structure with three levels. The top level is a single large blue rectangle. The middle level consists of two blue rectangles: a larger one on the left and a smaller one on the right. The smaller rectangle contains a 3x3 grid of nine teddy bear icons and an equals sign. The bottom level consists of three blue rectangles: a small one on the left, a medium one in the middle, and a large one on the right. The small rectangle contains three teddy bear icons and an equals sign. The large rectangle contains a 2x3 grid of six teddy bear icons and an equals sign.
