Spielplan: Marienkäfer würfeln

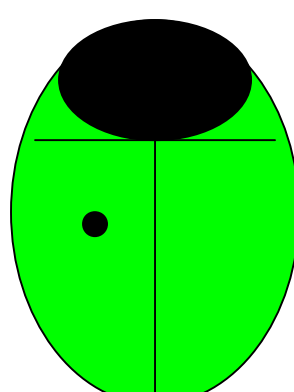

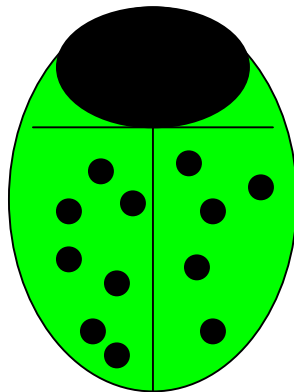

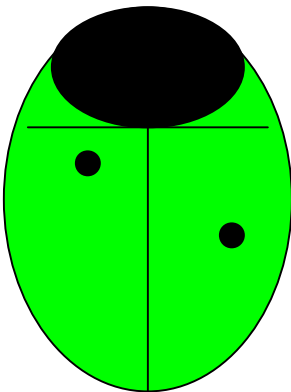

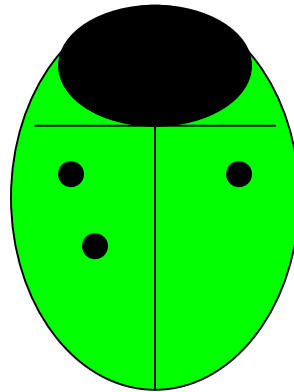

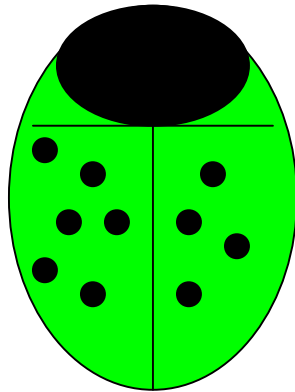

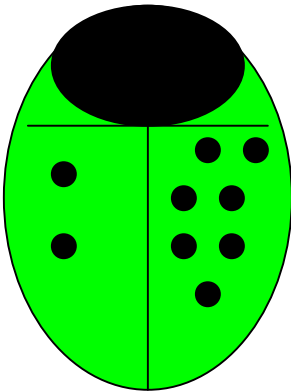

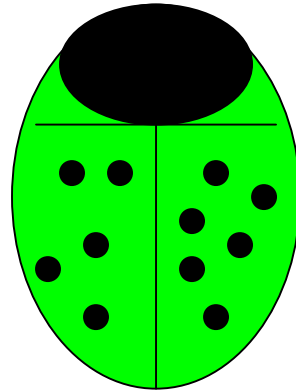

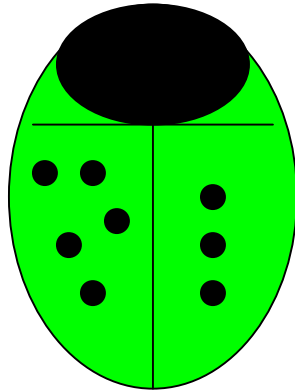

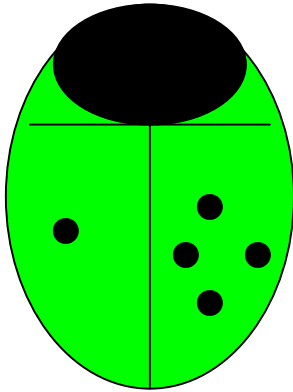

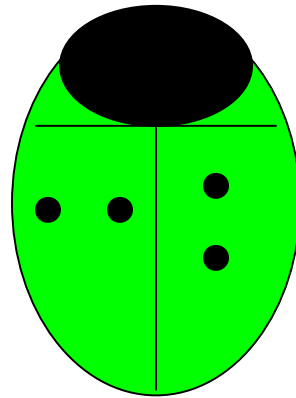

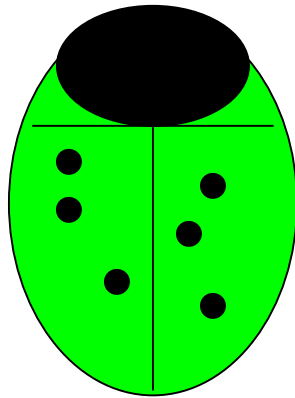

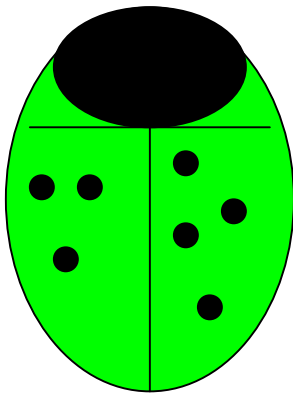

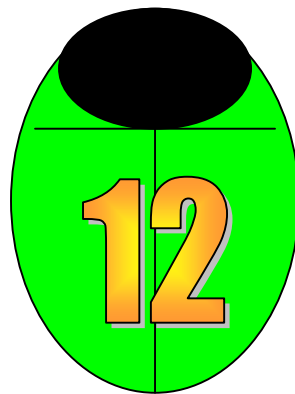

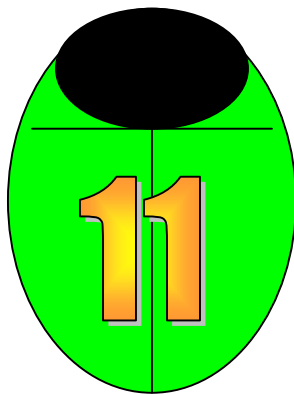

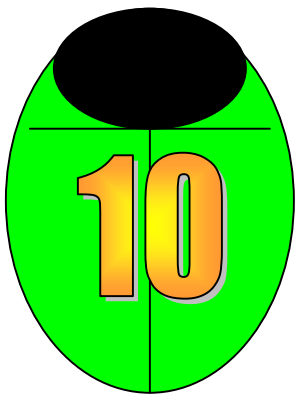

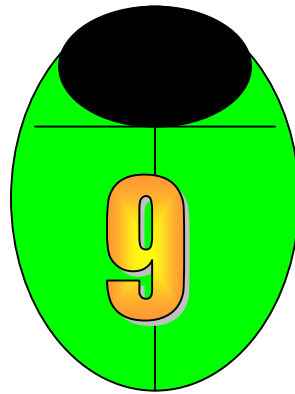

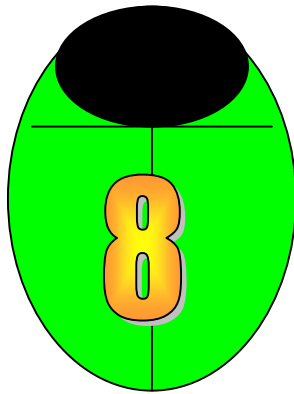

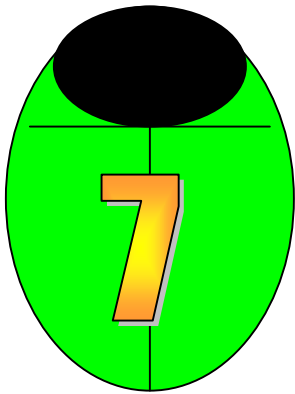

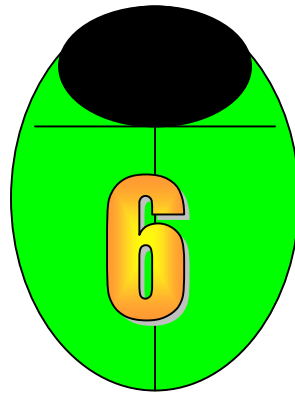

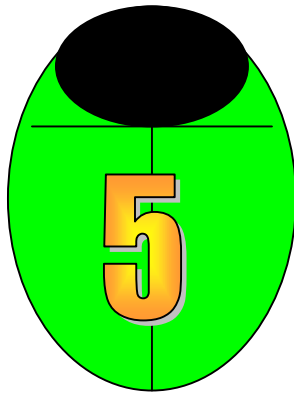

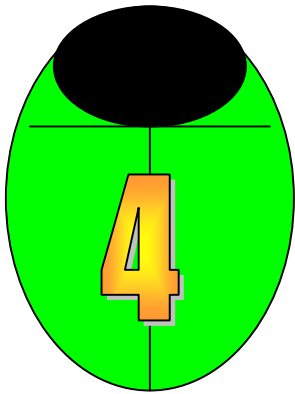

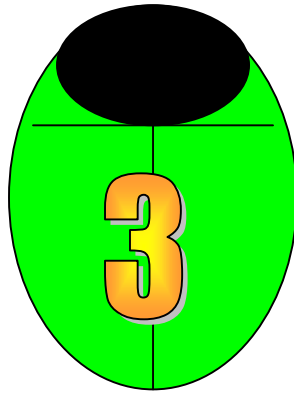

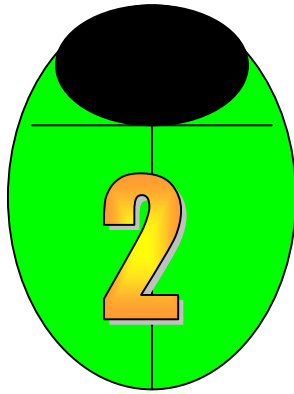

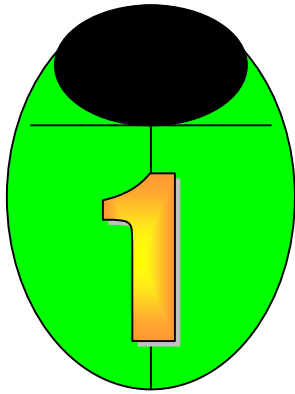

Spielplan: Marienkäfer würfeln

Vorbereitungen:

1. Drucke die Spielpläne und die Marienkäfer mit den Zahlen darauf auf festerem Papier aus und laminiere beides.
2. Schneide nur die Marienkäfer mit den Zahlen aus.
3. Jeder Mitspieler bekommt einen Spielplan und die dazu gehörenden Zahlenkäfer.
4. Entweder ihr nehmt zwei Würfel zusammen, oder es bekommt jeder selbst zwei Würfel.

Jetzt geht's los:

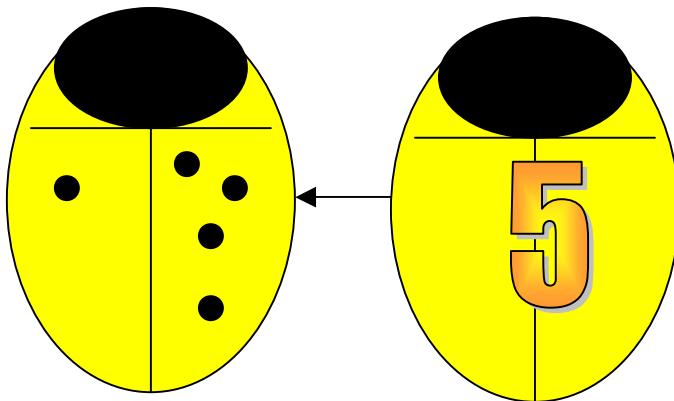

1. Entscheide bevor du würfelst, ob du einen oder alle beide Würfel nimmst (bei den höheren Zahlen brauchst du ja sowieso alle beide).
2. Rechne deine gewürfelten Augen zusammen.
3. Nimm nun den passenden Käfer mit der richtigen Zahl und lege ihn auf den Käfer, der genau gleich viele Punkte hat.
4. Würfelst du eine Zahl, die du schon hattest passiert nichts.
5. Wer zuerst alle seine Punktekäfer mit Zahlenkäfern abdecken konnte hat gewonnen.

Noch ein Beispiel:

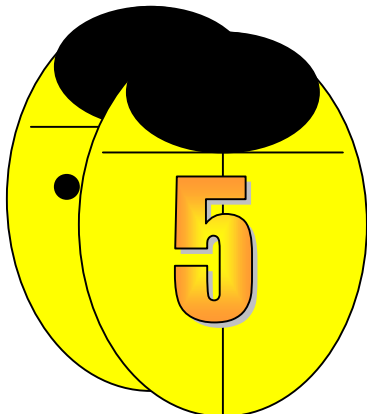

Du hast entweder mit einem Würfel, oder aber mit zwei Würfel zusammen eine 5 gewürfelt.

Nun nimmst du den Käfer mit der Zahl fünf und legst ihn auf deinem Spielplan auf den Käfer mit Punkteanzahl fünf.
